

PMDP – Wrap Up

Name: Manish Kumar Sah (MS/EEH2)

Manager: Yashomani Kolhatkar [Technology Director]

PMDP – Mid Program Review

Agenda

- Introduction
- Transfer Goals & Action Plan

Manish Kumar Sah

...about **Myself**

Simplicity suites me, knowledge attracts me, sports & travel excites me

- Grown up in Bhagalpur, Bihar
Settled in Bangalore
- B.Tech in Electronics
- M.S in VLSI Design
- Married and blessed with a daughter (11 years age)

...about **Bosch Journey**

- Joined Bosch (Cob) in 2007
PAV Development in HW
- IJR to Microcontroller Team (Kor)
Microcontroller Platform Development
- M.S in VLSI Design 2012
- Leadership journey started 2017
PjM for Nxt Gen MCU Development
- Technical Expert at EEH 2025
Microcontroller Platform Development

...about **Freetime activities**

- Playing Cricket & Badminton
- Driving & Exploring places
- Enjoying family time with my daughter
- Learning by DIYs

...about **Values**

- Integrity & Accountability
- Empathy & Teamwork
- Commitment to Ethics & Compliance

...Drivers

- Accomplishment
- Challenging status quo
- Equality

...Drainers

- Authority without Influence
- Decisions without transparency
- Conflicts

Introduction

Name: Manish Kumar Sah

- 18Y+ experience at Bosch
- Top Skills: System, Safety, CPU Architectures, Benchmarking
- Microcontroller Strategy & Operation support
- Favourite pastime: Badminton, Cooking

Role: Technical Expert MS/EEH2 [Group Leader]

- Leading a Group of multiple MCU projects [Team Size 26+ members]
- Next-Generation μ C & SoC Platform Development with multiple Semiconductor suppliers
- Requirements discussions and Techno-commercial MCU activities with suppliers
- End-to-End Project Support for SW/HW projects
- Supplier Assessment & Technical Evaluation of Semiconductor suppliers
- Device Bring-up and Validation strategies for multiple microcontrollers platforms
- Silicon Validation | System, Safety, Serial IO, Memory & Elec. Spec

Manager: Yashomani Kolhatkar [Technology Director]

Module-wise Learning Application

Modules		Been able to apply	Identified areas to apply	No Scope to apply
Leadership	Leader in me	✓		
	Resilient Leadership	✓		
	Uncertainty Management	✓		
	Strategic Thinking & Creativity	✓		
Professional	Leading Cross-functional teams			✓
	Negotiation Skills/Conflict Management		✓	

Application of Learnings from Leadership modules

Leadership in me

- Upward Empathy
- Paul Hersey & Ken Blanchard Model for Leadership Style
- Paradoxes in Leadership

Upward Empathy in Leadership

Paradoxes in Leadership

Leadership Strategies for Enabling and Empowerment of Teams

Transfer Goals

Team Situation:

- Ambiguous due to GrM movement [Non-Linear Org Decision]
- Trust & acceptance issues due to Group re-org

Goal:

- Fostering a High-Trust Environment & team empowerment through Strategic Leadership

Actions

- Active Listening/Understanding Perspective
- Enabling/Empowering for Impact
- Transparency in info share
- Enabling team participation in decision making
- Respecting different viewpoints, empowering diverse teams & recognizing them

Models/Tools

- Iceberg Model
- Leadership Styles
- Paradoxical Leadership
- SWOT

Interventions in practice

- One Associate 1 to 1 connect every week
- Coffee connects
- Small/Big win celebrations with teams
- Alternate week Group meeting for transparent info share, Blocker resolution & Thank-tank for collaboration/support
- Weekly connect with PjM for participative decision making
- Self upskilling with Leaderships Trainings

Outcome will be measured with Bosch Pulse survey Q4/2026

Application of Learnings from Leadership modules

Resilient Leadership

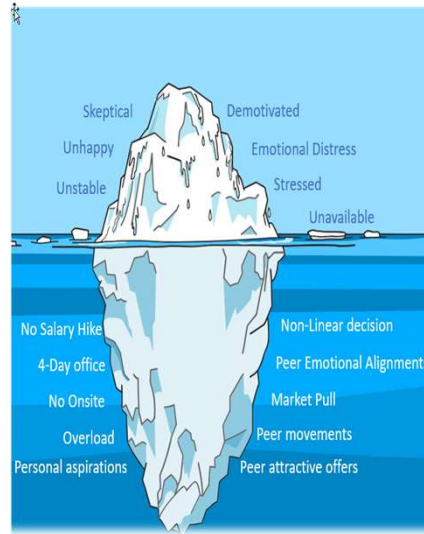

- Cynefin Framework
- Dimensions of Resilience (Mental, Physical, Social & Emotional)

Strategic Thinking

- SWOT

Uncertainty Management

- Navigating through VUCA
- OODA Loop

Strength	Opportunities
1 (based on BU feedback - HoE - XC-HWP) Stable and Result-Oriented Leadership, that is good in having: -pulse of entire team -stakeholder/customer management	1 Ecosystem can be leveraged for taking ownership for A> Risky / Challenging Assignments to complement the XC/HWP engagement B> Extension to Project/Solution team for other BUs
2 great pool for exceptional depth of knowledge for multiple complex topics (HW, Field Issues, SW, PrjMng) Breadth of expertise availability under one roof - exposure to wide range of UC (EDC17 - 40nm, 28nm, 16nm...) Amazing culture of leveraging help, Well established Pool Concept	2 Explore Business Cases beyond BGSW (RBN / RBAI)
Weakness	Threats
1 a>Skills in high demand / Explicit poaching from suppliers b>Associates feel entitled, high sense of MARKET security * c>Compromise/Hesitation by leadership to give constructive feedback anticipating attrition	1 a>Team can collapse if domino effect is triggered b>Hunger for business growth is missing, Complacency c>Long term, missing opportunities for improvements
2 Unable to hire any new talent / lateral from market	2 No competitive peer comparison / reframing for self performance evaluation
3 Too many small clusters that require deep expertise where associate portability (pool concept) is difficult to maintain critical mass	3 In case of resignation, re-development of competency is very challenging and will affect business continuity
4 Lateral hiring is stopped for 2024 in BGSW, leading dependency only on UR / BTEch Fresher in Q3/Q4 2024	4 a> inability to backfill similar competency leading b> long time to bring up UR/Btech leading to Business Discontinuity c> Provokes BU to initiate backup plan in Germany

Leadership Resilience

Strengthening Mental Fitness

Boost Neuroplasticity

- Learn something new
- Practice Mindfulness
- Learn something new

Engaging in Physical Activities

Manage Cortisol

- Exercise
- Laughter therapy
- Mindful walking
- Exercise
- Laughter
- Social activities

Mastering the Mind

Practice Mindfulness

- Deep breathing
- Daily meditation
- Mindful walking

Impact of Social Connects

Foster Togetherness

- Team huddles
- Collective decision-making
- Team huddles
- Collective decision-making

Transfer Goals

Action

Models/Tools

Actions

➤ Stabilizing MCU Team & Strengthening MCU Development Capabilities to Enable Growth

- Challenge status quo
- Agility/Adaptability with Growth Mindset
- Continuous Learning & skill update
- Overall Program Strategy & target for dealing complexity & ambiguity
- Anticipation of trends & Embracing change as an opportunity
- Staying curious & seek opportunities for growth and learning for self & team

- VUCA Framework
- SWOT Analysis
- OODA Loop

- Activity Roadmap & Growth strategy for Microcontrollers development for Bosch Business for Mobility
- Risk mitigation Strategy for MCU operations @EEH
- Re-Organization to cater dynamic demands coming for Compute Horizontal
- Stepping Chinese Market for Growth Opportunities
- Expand project portfolio by catering to Multiple BU's

Outcome will be measured in Q2/2026 with impact & success stories

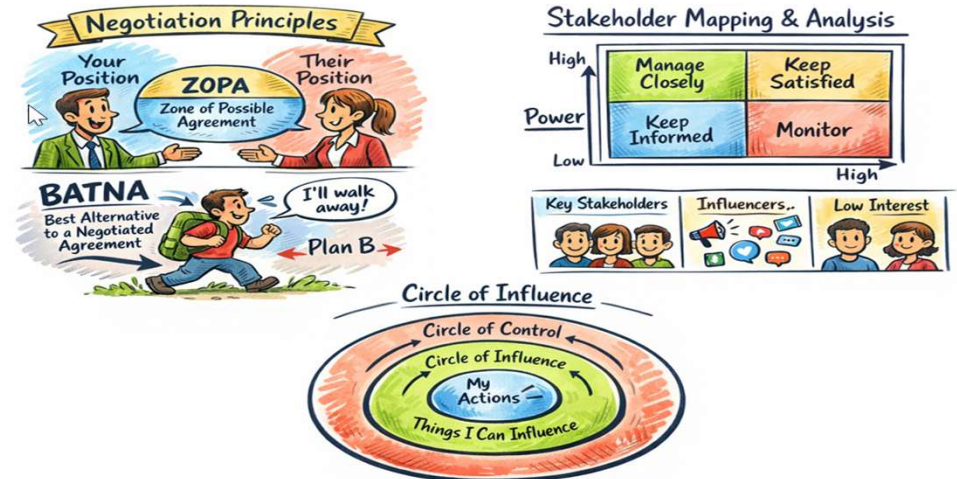

Application of Learnings from Leadership modules

Negotiation skills/Conflict management

- Negotiation Principles ZOPA & BATNA
- Stakeholder mapping & Analysis
- Circle of Influence in Stakeholder management

Managing Cross-functional Teams

- Cohen-bradford model of influence
- The five dysfunctions of Teams

Transfer Goals	Actions	Models/Tools	Interventions in practice
➤ Enhance Partner Experience & satisfaction	▪ Practice negotiation principles in stakeholder discussions wherever applicable ▪ Effective Stakeholder management	▪ Stake holder mapping & Analysis	▪ TBD
