Learnings

- ❖ War Studies
 - Strong Systems & discipline
- ❖ Factors contributing for Resilience
 - Active Recovery, Cognitive Control, Mindfulness & Meditation, Neuroscience education

Situation, Action taken & Outcome:

- ☐ Strengthened team cohesion and resilience by breaking silos and promoting cross-functional collaboration through active participation in partner connect forums.
- ☐ Partner acknowledgement on new ideas generation & takeover of refinement topics.

Uncertainty Management

Learnings

- ❖ Red team Thinking Mindset
 - Requires not taking anything for granted, challenging everything and thinking the unthinkable.
- ❖ OODA loop
 - Observe – gather data from environment
 - Orient – Analyze and interpret
 - Decide – course of action
 - Act – Execute and Monitor

Situation, Action taken & Outcome:

- ❑ Implemented the OODA loop model to continuously assess project dynamics, interpret data insights, and drive informed decision-making to accelerate project success and growth

Application of Learnings - Leadership Modules

Strategic Thinking & Creativity

Learnings

- ❖ Porter's Value chain Analysis
 - Analysis is used to examine internal activities that create value for customers.
- ❖ KPI dashboards
 - Focus leadership attention and guide decision making to support strategic priorities

Situation, Action taken & Outcome:

- ❑ Analyzed partner landscape and business strategies to identify growth opportunities and supported department in account expansion
- ❑ Established project-specific KPI dashboards to strategically track progress, enhancing productivity and efficiency while ensuring strong partner alignment.

Application of Learnings - Professional Modules

Leading Cross Functional Teams

Learnings

- ❖ Communications across teams
 - Clarify language usage and what they mean, Visual communication tools for each type of communication
 - Analysis is used to examine internal activities that create value for customers.
- ❖ Cohen-Bradford IWA Model
 - Influence through give and take

Situation, Action taken & Outcome:

- ❑ Orchestrated the ELEVATE'26 preparation by enabling strong cross-functional collaboration across vertical and horizontal stakeholders within the section
- ❑ Drove cross-functional collaboration with internal and product engineering teams to support Quarterly Business Review readiness

Action Plans

- Achieving a deep understanding of program KPIs, strengthening ownership and control of program performance
- Actively applied AI in program management to strengthen analytical capabilities and strategic planning
- Leverage X-Matrix, OKR, and Balanced Scorecard frameworks to systematically break down program strategy into measurable goals, driving tangible results

The background features a dark, textured surface with numerous diagonal lines running from the top-left towards the bottom-right. These lines are composed of small, glowing orange and yellow particles, giving the impression of a digital or scientific visualization. The overall effect is one of depth and movement.

Thank You
